

Ravindu Aththanayaka

Software Engineering Undergraduate

+94 71 385 3324 | ravindurashmika2k@gmail.com | LinkedIn | Portfolio

SUMMARY

Highly motivated and enthusiastic software engineering undergraduate with a solid foundation in software development principles. Actively seeking an internship opportunity to work with developers and stakeholders, dedicated to innovation, problem-solving, and delivering exceptional software in the IT industry. Eager to learn and contribute in a collaborative environment.

EDUCATION

BEng(Hons) Software Engineering

2022 - present

Informatics Institute of Technology affiliated with University of Westminster

Current GPA: 3.692/ 4

PROJECTS

VetZii - A Vet Booking Application

Flutter, Node.js, MongoDB | [Github Link](#)

Collaborated on the backend development of a comprehensive veterinary booking application with a disease prediction system, by leveraging NodeJS to integrate robust application functionalities.

Shopping Managing System

Java OOP, Java Swing | [Github Link](#)

Architected and deployed an online shopping management system encompassing both GUI and CLI components, enhancing the shopping experience for customers, by utilizing Java OOP and Java Swing to manage shopping carts, calculate total costs, and apply discounts.

Ticket Booking System

Java | [Github Link](#)

Developed a ticket booking system (CLI) in Java, enabling users to reserve seats in a theater.

Tourism Website

HTML5, CSS3, Javascript | [Github Link](#)

Created the quiz page to offer visitors a way to test their knowledge of Sri Lanka and the About Us page to provide comprehensive information about the project team, for a modern Sri Lankan tourism website, by employing HTML5, CSS3, and JavaScript to enhance user engagement and provide informative content.

University Grade Analyser

Python | [Github Link](#)

Developed a Python-based CLI system that enables university students to forecast their progression outcomes.

SKILLS

Languages : Java, Python, Node.js, Javascript, PHP

Tools and Technologies : HTML5, CSS3, Express, MySQL, MongoDB, Postman, Git, GitHub

Knowledge : SDLC Basics, Agile Fundamentals, OOP Fundamentals

Soft Skills : Communication, Analytical and Problem-Solving, Teamwork, Leadership
